Connecticut Association of Boards of Education, Inc.

Three- to Five-Year Strategic Plan

**OUR MISSION**
To assist local and regional boards of education in providing high quality education for all Connecticut children through effective leadership.

**OUR VISION**
CABE is passionate about strengthening public education through high-performing, transformative local school board/superintendent leadership teams that inspire success for each child.

**OUR OBJECTIVE**
To be the leading voice for Connecticut public education through the best advocacy, strongest professional development and most thorough policy services in the State.

**STRATEGIC PLAN OVERVIEW**
The Organizational Assessment developed by the Hartford Foundation for Public Giving and finalized in November 2019 made a CABE Strategic Planning Process its highest priority. Work done by the facilitator and the CABE Board and Staff, including evaluations of our work, surveys of School Board Members, discussion with Superintendents across the State and tracking of services have resulted in a solid base of information which contributed to the development of this plan.

**MISSION DRIVEN PRIORITIES AND CONTINUOUS IMPROVEMENT**
Pursuant to CABE bylaws, policies and positions, the Association will work together as set out below. CABE will strive to continually improve the work of the Association. This will help Boards continuously improve their governance, decision-making and achievement of their goals.
