*School districts
in Connecticut
are facing
the challenge
of higher
unemployment
costs than
ever before.*

Training and Education

We will train your human resources staff on how to avoid costly unemployment claims in the future. Your staff will have the knowledge to properly address Reasonable Assurance/school claims and other unemployment issues specific to school districts.

Claims Processing

Outsource 100% of the administration of all your unemployment claims to a professional group, who specializes in dealing with the Connecticut Department of Labor.

Charge Auditing

We will audit every dollar charged to your unemploy-

ment accounts, dispute all erroneous charges and get you credits. All states admit to an error rate of between 7% - 10%. We find those errors and make sure you are not over-paying.

Hearings Representation

Our expert hearings representatives can help you present a better case before the Department of Labor, increasing your chances of winning and making for a much less stressful experience.

Budgeting/Reporting

Our web reporting tools allow you to run reports on demand. We will help you budget and forecast future unemployment costs.
