Governance

■ PUBLIC EDUCATION AS A PUBLIC POLICY PRIORITY

CABE believes that all citizens, including board members, the Governor, the Connecticut General Assembly, and the State Board of Education, must make public education a matter of the highest priority of public policy. The state must heed its constitutional mandate to provide a free and appropriate public education for all of Connecticut's children.

CABE believes that public policy must assist children and their families in maintaining education as a matter of highest priority for children amidst the continuing economic and social pressures of society.

■ LOCAL GOVERNANCE OF PUBLIC EDUCATION

CABE believes that local governance of public education through locally elected or appointed community members strengthens the democratic process, provides accountability, and assures strong continuing public support for education.

CABE believes that the state and federal governments must recognize the wide differences among America's public school districts, including those that are urban or suburban, rural or small, by funding the development of school improvement programs that reflect local needs and characteristics.

■ CREATING EDUCATIONAL EXCELLENCE THROUGH ECONOMIC, RACIAL AND ETHNIC INTEGRATION

CABE believes that each child must have equal access to effective free, public education and to the services of well-educated and skillful teachers. Boards of education, working with state and local leaders and community members, can play a key role in ending systemic racism.

CABE supports efforts by the State of Connecticut:

1. to address and solve the issues of social and economic isolation in the areas of housing,

- transportation, employment, access to health care and social services; and
2. to make the necessary funding available to urban, suburban and rural school districts across the state to develop and sustain:
 - a. integrated educational programs and exchanges that create educational excellence; and
 - b. infrastructure that supports safe and healthy environments for learning.
3. to promote the development of academic pathways, instructional activities, extracurricular opportunities, and field experiences that provide a richer awareness of culture and racial diversity, including but not limited to:
 - a. review of curriculum in grades K-12 through the lens of multicultural and diverse perspectives.
 - b. the elimination of Indigenous Americans as mascots.

CABE urges all boards of education:

1. to affirm that all children can learn and accept the challenge to educate each child to his/her fullest potential;
2. to enter into interdistrict partnerships which create integrated educational excellence and promote social, cultural, ethnic and racial exchange and interaction among diverse groups;
3. to facilitate culturally responsive teaching and supervision that promotes understanding of and respect for the many diverse cultures which strengthen our democratic society;
4. to continue their efforts to increase the recruitment of qualified individuals who reflect this state's diversity to the teaching profession and administration;
5. to make parents as well as the greater community full partners in the education of all children; and
6. to recognize their critical role in creating policies, providing training, and maintaining oversight to ensure that students have equal educational opportunities and are treated equitably as provided by the laws of the State of Connecticut, including but not limited to, §10-15c and §46a-58, regardless of gender, race, color, creed, religion, alienage, sexual orientation, gender identity or gender expression.

I 21st CENTURY SKILLS

CABE urges the state and federal government to support programs and research that focus on problem-solving, creativity, critical thinking, and other high-level 21st century skills that are important for success in a global workplace. The state and federal government should support school district capacity to provide the technology and tools necessary to foster innovative learning practices, instructional methods and a mastery-based grading system that bridges school and real-world experiences, provide for greater personalization of education, and prepare students for college and/or career.

CABE urges the General Assembly to form a Competency-Based Learning Committee comprised of sitting superintendents, teachers, school board members and Deans of Institutions of Higher Education to develop a PreK-20 mastery-based learning system that includes competency-based education models to permit students to progress academically and that are not explicitly tied to a fixed amount of seat-time as required under the Carnegie Unit system.

I ONLINE LEARNING

CABE urges the General Assembly to require the State Department of Education develop a vetted, comprehensive online learning platform for students and districts, offer the platform and courses contained therein at reasonable cost to districts, and provide training to district personnel to facilitate and assess student learning via said platform.

I PUBLIC SCHOOL CHOICE

CABE believes that all public schools should provide a quality education for each student. CABE believes that in meeting local educational needs, locally developed policies and program options which give parents the opportunity to select public schools or programs for their children should be considered among a variety of possible educational strategies. However, CABE opposes federal or state efforts to mandate choice, including efforts to divert or limit funding intended for existing federal and state programs.

Any program allowing parents to choose schools

must assure that:

1. the plan does not foster racial, social, or economic segregation or segregation of children with disabilities;
2. financial and other administrative issues, such as transportation concerns, and the costs for special education and expelled students are addressed;
3. the plan is not part of a federal or state voucher or tuition tax credit program to finance non-public education;
4. students be required to make at least a one-year commitment to a school of choice to afford stability of school management;
5. interdistrict transfers must have the consent of both school districts;
6. urban districts are encouraged to develop programs to attract suburban students;
7. student academic achievement must be monitored in all schools receiving public funds; and
8. budgets be made public.

I AUTHORITY OF BOARDS OF EDUCATION

CABE urges the state and federal governments to maintain the ability for boards of education to enter into agreements that govern the relationship between the board and the entity providing secondary school services.

CABE urges the federal government and General Assembly to avoid actions/initiatives such as the traumatic forced separation of children from their families that proves disruptive to the delivery of a quality education.

I COORDINATION OF SERVICES TO CHILDREN AND FAMILIES

CABE urges the state, local, and federal government to support interagency partnerships to connect children and families with comprehensive services such as special education, counseling, health, nutrition, family support and juvenile delinquency prevention.

process for structuring voluntary interagency partnerships.

I CIVILITY

CABE urges public officials at all levels of government to model civil discourse in their deliberations, allowing for the thoughtful, beneficial, and productive exchange of ideas and perspectives.

CABE urges school boards to provide opportunities for students to develop their skills in conflict resolution and consensus building, and for school board members to model these skills in their own conduct.

I CLIMATE, CULTURE, SAFETY AND SECURITY

2. To develop, review and maintain safety plans that address prevention, preparedness, mitigation and emergency response and recovery.
3. To address environmental, health and safety risks, as well as potential security breaches in coordination with appropriate local, state and federal agencies.

CABE urges the state and federal government to provide greater and sustained resources for locally determined programs that are critical to school safety, including emergency preparedness and response training, school resource officers, school counseling, and inter agency coordination.

CABE urges greater and sustained resources that expand access to mental health services and support comprehensive wraparound services to schools that include a range of community resources to address safety and intervention.

CABE also urges the General Assembly to direct the State Department of Education to develop resources for teachers dealing with students that have experienced trauma.

I SCHOOL CLIMATE

5. identify possible grant funding to support accelerated reductions in school based arrests.

Policies should reinforce a positive school climate and ensure consequences with equity in alignment with the State Department of Education.

11. CAFE urges Congress to limit the mandate for student testing to grades 4, 6, 8 and 10 or 11 in the areas of English language arts and mathematics.

I DAILY SCHEDULE FOR SECONDARY SCHOOLS

CAFE urges the State Department of Education, working in coordination with CAFE, CAPSS, teachers' associations, parent groups and other relevant bodies, to conduct a full-scale analysis of:

CAFE supports a requirement that a local impact study be conducted before any education laws/policies are enacted by the General Assembly or regulations are adopted by the State Department of Education. The local impact study shall include costs and benefits of such law/policy/regulation.

I PARENT/FAMILY/SCHOOL INVOLVEMENT POLICY

CABE urges school boards to develop Parent/Family/School Involvement Policy statements recognizing that a child's education is a responsibility shared by the school and the family. Such statements could include:

1. Establishing effective two-way communication with all parents, respecting the diversity and differing needs of families.
2. Developing strategies and programmatic structures at schools to enable parents to participate actively in their children's education.
3. Providing support and coordination for school staff and parents to implement and sustain appropriate parent involvement from Prek-12.

I DRUG, TOBACCO AND ALCOHOL USE

CABE supports efforts on the local, state and federal level to eliminate and address the problems of the inappropriate, unauthorized, illegal use of drugs, tobacco, alcohol and other substances in the school environment.

CABE opposes the legalization of recreational use of marijuana because of the negative impact on children, their education and development.

CABE urges all school boards:

1. to work cooperatively with public and private agencies and law enforcement agencies to address the problems of drugs, tobacco, alcohol and other substances;
2. to work cooperatively with public and private agencies to provide student-guided extended day school programs for appropriate grade

CABE urges each local school district to utilize a developmentally appropriate curriculum which deals with issues affecting family life, child and human growth and development, including lesbian, gay, bisexual, transgender, queer/questioning (LGBTQ) and to involve the community in this process, including appropriate public and private

agencies, to promote the positive well-being of students. Vital health and social issues should be integrated into existing academic subject areas.

2. result from local policy decisions regarding program, staffing and resource priorities; and
3. result from local policy decisions regarding effective and efficient practices.

■ TEACHER TENURE

CABE urges the General Assembly to:

1. modify the teacher tenure law to provide for initial tenure after 50 months of teaching, to make tenure renewable on a five-year basis, and to provide for the dismissal of teachers for due and sufficient reason who fail to promote student achievement or fail to engage in activities to pursue professional growth and development.
2. repeal the portion of CGS 10-151(c) that entitles teachers who have not attained tenure to a hearing concerning non-renewal, except if the reason for such non-renewal is either elimination of position or loss of position to another teacher, and provides that the board of education shall rescind a non-renewal decision only if the board finds such decision to be arbitrary and capricious.
3. amend the teacher tenure act to allow boards of education the ability to address staff reduction forced by budgetary constraints through

modified reduction in staffing, reducing staffing levels not solely through the current seniority system, but through a blended reduction throughout the seniority system, such that staffing cuts do not fall entirely upon the most junior educators.

■ GOVERNMENT REGULATION AND DATA ACQUISITION

CABE urges:

1. the state and federal governments to reduce the number and complexity of regulations directed at education, including the administrative burden associated with implementing education laws;
2. the state and federal governments to focus on data that is needed to improve student performance;
3. the State Department of Education to continue existing efforts to simplify its data collection, eliminate duplication and unnecessary data collection;
4. the state board of education to formally adopt regulations when rules are needed to enforce the statutes and to refrain from applying guidelines as regulations or incorporating guidelines by reference into regulations; and

I CERTIFIED EDUCATOR SHORTAGES

CABE urges school boards, higher education institutions, the State Department of Education and the General Assembly to take action to expand the pool of qualified educators for Connecticut's public schools, particularly in areas where shortages have been identified. Among the actions to be considered should be expanding the alternate route to certification programs, enhancing professional development opportunities, expanding reciprocity between states, reducing bureaucracy for educators certified in other states, encouraging students at an early age to consider the teaching profession and actively recruiting underrepresented groups.

2. continued action to assure that teacher preparation program standards are raised and that students in teacher preparation programs are required to complete a strong academic program, graduating with an academic major.
3. the alternate route to teacher and administrator certification, which increases flexibility in the

manner in which academically able college graduates, including professionals seeking mid-career change, may enter the teaching and administrative professions.

I PROFESSIONAL DEVELOPMENT

The improvement of instruction relies heavily on the continued or increased competency of existing staff members, especially in periods of stable or declining enrollments. Therefore, CABE supports:

I TEACHER AND ADMINISTRATOR SALARY SYSTEMS

CABE supports the development by boards of education of teacher and administrator salary systems that are based upon performance skills and knowledge, competence, and levels of responsibility. CABE urges the General Assembly to adopt legislation allowing municipalities to create nonpartisan boards of education.

■ SCHOOL BOARD MEMBER PROFESSIONAL DEVELOPMENT

CABE supports a state requirement for an orientation and ongoing professional development for all school board members.

CABE urges boards of education to develop a policy requiring professional development for new and experienced board members.

CABE urges boards of education to examine and discuss annually the roles of the board and the superintendent in order to maintain a strong and effective partnership in the educational process.

CABE encourages boards of education to provide for adequate professional development programs for all school board members and candidates, including participation by all members in area, state and national programs and orientation for new school board members. Professional development should include the roles and responsibilities of boards, and skills needed to resolve issues in a nonpartisan manner.

■ REGIONAL EDUCATIONAL SERVICE CENTER DUTIES DIRECTED BY THE STATE

CABE urges the General Assembly to continue to utilize the RESCs for statewide programs, to fund them adequately and refrain from mandating additional duties for the RESCs which would compromise their governance structure, funding process, or compete with time and resources needed for programs expected by the local districts.

Finance

■ PUBLIC SUPPORT FOR PUBLIC EDUCATION

In order to insure that public funds are used for public education and to improve public education, CABE urges all citizens and particularly all school board members to:

1. oppose the implementation of voucher systems as methods of financing non-public education with public funds; and
2. oppose tax credits for expenditures for tuition or living expenses at private elementary and secondary schools.

■ PUBLIC EDUCATION FUNDING

CABE urges the General Assembly to take necessary steps to ensure that the primary sources of local district funding are protected from erosion through the development of biennial state budgets which maintain grant funding at least at existing levels and avoid imposition of mandates or state tax shifting which might result in the transfer of state obligations to local property taxes.

CABE supports the concept of full state and federal funding on a current basis for any mandated programs. CABE supports the passage of legislation making state mandates on boards of education unenforceable unless fully funded.

■ THE FEDERAL ROLE IN PUBLIC ELEMENTARY AND SECONDARY EDUCATION

CABE urges the federal government to recognize education as a state and local function, while identifying, promoting and supporting the national interest in public education.

CABE supports a program of federal support for elementary and secondary public education that provides increased flexibility and funds that go directly to the local level.

■ THE SCHOOL FINANCE SYSTEM

The increased burden of the cost of public education, largely as a result of mandates imposed

on public school systems by state government, requires a more equitable sharing by state and local funding sources. Therefore, state legislation should recognize:

1. the responsibility of the state government to provide an equitable share of total local school expenses;
2. the need for the state to distribute funds on an adequate basis with the primary responsibility for local expenditure determination to remain with the local school board;
3. that local school districts should develop, with state assistance, procedures to ensure fiscal accountability and efficiency and the most effective use of tax dollars;
4. the need to restructure the state spending cap so all federal education funds flow to school districts;
5. the state responsibility to fund court-ordered programs; and
6. the need for financial incentives to foster interdistrict and/or regional interdistrict cooperation.

CABE supports:

1. continued exploration of more accurate methods of measuring the wealth of each town, the cost of appropriately educating each child - including those children who are economically disadvantaged or have other special needs, the costs associated with participation in public school choice programs, magnet schools and charter schools, and the unique cost burdens borne by poor rural and poor urban school districts;

CABE supports legislation to:

1. provide boards of education the authority to create “Special Revenue Funds” to account for the proceeds of specific revenue sources; and
2. allow a board of education surplus of up to 2% of the budget to carry-over to the next fiscal year without requiring approval of the local financial authority.

CABE urges the General Assembly to remove barriers and implement incentives through which neighboring local educational agencies can develop initiatives to sustain quality of programs and services while entering into mutually beneficial agreements to share and reduce cost.

CABE urges the State Department of Education to substantially support (financially or otherwise) cooperative efforts among districts. This support needs to be strategic, long term, financial and sustainable to realize true regionalism results.

TAX REFORM

CABE supports comprehensive tax reform in Connecticut that:

1. is balanced and fair and will produce the revenues necessary to support quality public education and other needed public services;
2. reduces reliance on the local property tax, sales tax or other regressive forms of taxation; and
3. assures that distribution of the tax burden is based upon the ability to pay.

CABE opposes a state legislative cap on local property taxes.

MAGNET SCHOOL, CHOICE AND CHARTER FUNDING

CABE urges the General Assembly to take timely steps to:

1. Identify adequate funding for Open Choice

- receiving districts to encourage the voluntary efforts of participating districts.
2. Ensure that any charter school funding plan does not compromise local district financing.
 3. Provide a comprehensive magnet school funding formula applicable statewide for both host and interdistrict schools, sending and receiving districts.
 4. Continue to exempt preschool from the requirement that boards of education pay tuition for non-special education students who choose to attend a magnet school.

FUNDING FOR CAPITAL IMPROVEMENTS

CABE urges the General Assembly to:

1. maintain support for school construction grants;
2. increase the school construction grant percentage for new construction equal to the current percentage for renovation as new; and
3. eliminate any space standard reduction percentage when factors beyond the control of the district cause lower than projected enrollment.

CABE supports updating the existing formula covering eligible overall square footage per student to take into consideration space needs such as for cafeterias/kitchens, media centers, reduced class sizes, teaching practices, technology.

Labor Relations

TEACHER NEGOTIATION ACT

As long as compulsory binding arbitration remains as the dispute resolution process under the Teacher Negotiations Act, CABE supports additional modifications of the Act to allow boards of education to carry out their management responsibilities, including the following:

1. There shall be no presumption by arbitrators in favor of retaining contract provisions or continuing past employment practices.
2. Arbitrators shall give the highest priority to the educational interests of the state as such interests relate to the children of the school district.

3. Arbitrators shall give priority consideration to the public interest and the financial capability of the town or towns in the school district. The consideration of financial capability shall include the town's capability as measured by its history of tax increases, personal income trends, declines in state and federal revenues, and the financial impact of state and federal mandates.
4. Establish a requirement that neutral arbitrators participate in training sessions.

CABE opposes granting teachers and administrators the opportunity to strike.

CABE supports the retention of the teacher evaluation process as a permissive subject of bargaining.

TEACHER TERMINATION HEARINGS

CABE urges the state General Assembly to allow the suspension of tenured teachers without pay prior to the completion of the termination hearing process.

IMPACT NEGOTIATION

CABE supports the ability of local school boards to change job descriptions unilaterally without the necessity of negotiating the impact of the changes with individual unions.

UNEMPLOYMENT COMPENSATION

CABE supports the repeal of federal legislation allowing states to grant unemployment compensation to school district employees during vacations and the summer months.

CABE urges the General Assembly to refrain from extending such benefits to school district employees.

CABE supports modification of state statute to specifically provide that notice of intent to layoff at a future point in time, given in compliance with any legal or contractual mandate, shall not give rise to a right to collect unemployment benefits.

I MANDATED BENEFITS

CABE supports the repeal of statutorily mandated duty free lunch periods and sick leave. These issues should be negotiated at the local level.

I FEDERAL SPECIAL EDUCATION ISSUES

CABE urges the federal government to revise and modify due process for students with disabilities. Specifically, CABE recognizes the need to improve on current due process proceedings to make them more effective and expeditious for the purpose of providing students with disabilities with an appropriate educational program.

CABE supports the following changes to special education law and regulations:

That the issue(s) in dispute at a due process hearing be limited to matters pertaining to:

1. a proposed IEP;
2. the existing IEP; or
3. any IEP from the current school year or the school year immediately preceding the current year.

That the hearing officer be authorized and/or required to append to his/her final decision and order a statement detailing the issue on which the respective parties have prevailed, in whole or in part, and summarizing the approximate amount of hearing time spent on each issue.

That the hearing officer should be granted the same powers the Federal Courts have to reduce attorney fees if the parent unreasonably protracted the final resolution of the controversy, if the award unreasonably exceeds the hourly rate prevailing in the community, if the time and legal services furnished were excessive considering the nature of the action, or if the attorney representing the parent did not provide the school with a description of the problem relating to the proposed placement change and a proposed resolution. This should be done to insure a more equitable distribution of the financial responsibilities of the due process procedure.

That boards of education be granted more flexibility in the expulsion of special education students involved in criminal activities. Specifically, the federal government should not block states and local and regional boards of education from applying the same disciplinary standards to all students who commit the most serious offenses. If non-disabled students are expelled for certain actions, schools should be allowed to treat students with disabilities in the same manner.

That clarification of the relationship between Section 504 requirements and IDEA be provided.

That IDEA be amended to alleviate the burden placed on school districts with nonresident private school students eligible for special education identification and services.

I PLACEMENTS BY THE DEPARTMENT OF CHILDREN AND FAMILIES

CABE urges the General Assembly to provide:

1. for the full cost for educating students placed in private and public educational programs through DCF for children in their custody.
2. that DCF pay the full cost for special education for students attending local school districts.

I SPECIAL EDUCATION EXCESS COST GRANT

CABE urges the General Assembly to fully fund the Excess Cost Grant for all costs in excess of the 3.5 times the district's average per pupil expenditure.

I LEAST RESTRICTIVE ENVIRONMENT

CABE encourages the State Department of Education, institutions of Higher Education, the General Assembly, and each local and regional board of education to:

1. consider the needs of the entire class of students when placement decisions are made.
2. examine a variety of placement options to insure that students with special needs be placed in the least restrictive environment.
3. provide pre-service and in-service staff

development and sufficient resources for all staff to enable them to provide appropriate support to students with special needs.

I SPECIAL EDUCATION DUE PROCESS

CABE urges the General Assembly to:

1. Review the method for selection and qualification of due process hearing officers with a view toward increasing the level of professionalism and impartiality.
2. Increase available funding to attract qualified candidates and adequately compensate them for their service.
3. Provide for appellate review of due process decisions.
4. Assign the burden of proof to the party that indicated the special education hearing.

Since 1938, CAFE has been the collective voice of more than 1,300 board of education members across the State. As CAFE has grown, so has our prominence as leaders in shaping public education programs - helping Connecticut prepare for the increasingly competitive 21th Century.

These positions reflect the commitment of board of education members to promote public participation through local lay control of public education, to promote equal opportunity and a high quality education for all Connecticut's public school children and increase public awareness of education issues.

The distinctive line drawing of the Capitol building which appears on the cover was graciously donated to CAFE by the late Richard Welling, a talented Hartford artist. The artwork is a particularly appropriate piece for our 2021 Whole Agenda. We are delighted to be able to feature a work by this very talented artist.
